CRS N5PR141Y

## **PROPELLER LOGBOOK**

# F.A.A. LOGBOOK REGULATIONS

## 91.173 Maintenance Records

A. Except for work performed in accordance with 91.170, each registered owner or operator shall keep the following records for the periods specified in paragraph (b) of this section:

(1) Records of maintenance and alteration, and records of the 100-hour, annual, progressive, and other required or approved inspections, as appropriate, for each aircraft (including the airframe) and each engine, propeller, rotor, and appliance of an aircraft. The records include:

- (i) A description (or reference to data acceptable to the Administrator of the work performed;
- (ii) The date of completion of the work performed;
- (iii) The signature and certificate number of the person approving the aircraft for return to service.

(2) Records containing the following information:

- (i) The total time in service of the airframe.
- (ii) The current status of life-limited parts of each airframe, engine, propeller, rotor, and appliance.
- (iii) The time since last overhaul of all items installed on the aircraft which are required to be overhauled on a specified time basis.

(vi) The identification of the current inspection status

of the aircraft, including the times since the last inspections required by the inspection program under which the aircraft and its appliances are maintained.

(v) The current status of applicable airworthiness directives, including the method of compliance.

(vi) A list of current major alterations to each airframe engine, propeller, rotor, and appliance.

B. The owner or operator shall retain the records required to be kept by this section for the following periods.

(1) The records specified in paragraph (A) (1) of this section shall be retained until the work is repeated or superseded by other work of for one year after the work is performed.

(2) The records specified in paragraph (A) (2) of this section shall be retained and transferred with the aircraft at the time the aircraft is sold.

C. The owner or operator shall make all maintenance records required to be kept by this section available for inspection by the Administration of any authorized representative of the National Transportation Safety Board (NTSB).

NOTE - Regulations are subject to revision at any date without notice.
